## GALLIOTTI'S MISSION TO KILL THE CZAR.

ZURICH, Switzerland, July 31.—The plot to assassinate Maria Pia, Dowager Queen of Portugal, it has been discovered, was part of a great conspiracy against the European rulers hatched in Paterson, N. J. A Paterson Anarchist, Amiel Gallioti, was arrested last night at Viedikon, and the documents found on him, it is reported, show conclusively that he is one of the emissaries sent to Europe bent on assassination.

Paterson Anarchist Arrested in Switzerland for Connection with Attempt to Assassinate Portugal's Dowager Queen, Sailed for Europe with Bresci.

on information both from the Italian secret police and from Paterson. Gallioti was living in an unpretentious part of Viedikon, but was apparently well supplied with money, and at first protested vigorously against his arrest. Despite the recent measures taken regarding Anarchists by the Swiss Government, it has been discovered that they have been directing the movements of the active body from this country. Other arrests will follow that of Gallioti. The Queen Dowager, who is expected in Rome to-day, narrowly escaped assassination by order of the Prosecutor-General.

VENEZUELAN REVOLUTION ENDS.

WASHINGTON, July 31.—Senor Pulido, the Venezuelan Charge here, this afternoon received a message from Gonzalez Estévez, the Venezuelan Consul-General at New York, stating that the revolutionary movement headed by Dr. Rangel Gaitanas has completely collapsed.

## FRENCH HONOR FOR AMERICAN.

Roland F. Knoedler Is Made Officer of Legion of Honor.

PARIS, July 31.—Roland F. Knoedler, of New York City, has been promoted to the rank of officer of the Legion of Honor. Roland F. Knoedler is the head of the art and picture firm of M. Knoedler & Co., and a millionaire. He succeeded his father in business on the death of the latter twenty years ago. Born in New York forty-six years ago, Mr. Knoedler, who is a bachelor, spends much of his time abroad. He is, however, a member of the Union League, the French Club, and the "Lamb" Club. For years he has been a patron and liberal supporter of the French Hospital in this city, and it is largely due to his charitable acts in France that he has been honored by promotion in the Legion of Honor. Mr. Knoedler was the last person to see the famous Gainsborough painting before it was stolen. He visited Agnew's art gallery late that night in company with a porter. The next day the famous painting was missing.

## BROTHER FOUND LOST SISTER.

Missing Annie Johnson Became Hysterical When Seen.

Charles Johnson, of No. 81 East Tenth street, was standing on the corner of Reade street and Broadway this afternoon when he saw his sister, Annie J. Johnson, eighteen years of age, of No. 278 Second street, Jersey City, walking down Reade street. The girl had been missing from the home of her parents, in Jersey City, since Sunday night. After watching his sister go into the building at No. 54 Reade street, Johnson called Policeman Boll. They found the girl talking to a man. On seeing her brother and the policeman Annie became hysterical, and it was found necessary to send her to the Hudson Street Hospital. The man she was speaking to said she was asking for a boy named Brown, who works in the building. The policeman arrested Brown. He is fifteen years of age and lives at No. 240 Sixth street, Jersey City. On coming out of the building Johnson saw another boy whom he knew and asked for his arrest as well. He was William Pierce, seventeen years old, of No. 227 Sixth street, Jersey City. Brown and Pierce were taken to the Centre Street Court and arraigned before Magistrate Pool. Brown would admit nothing. Pierce said he and the girl had spent the afternoon and night at the "sand." He said they had "kissed" and that they had acted improperly with the girl. They were held for examination.

## TRUST GETS ULTIMATUM?

Report in Pittsburg that Secretary Williams Brought It to J. Pierpont Morgan.

J. Pierpont Morgan arrived at his office at 11:30 o'clock. His coming was quite unexpected, as he had said before leaving town that he would not be back before Thursday. When asked if complications connected with the settlement of the steel strike had caused him to cut short his vacation he replied with his customary smile: "Nothing to say." During the morning President Schwab, of the Steel Trust, and Judge Gary held a conference at No. 71 Broadway and with Mr. Morgan by telephone. They were also in conference over the long-distance 'phone with President Shaffer at Pittsburg, who insisted that the strikers would not accept Morgan's terms. PITTSBURG, July 31.—While the leading officers preserve silence on the probable result of the conference, among the minor officials of the Amalgamated Association no hesitation is shown in expressing their opinion that there is great danger that the peace negotiations may be broken off at any moment unless better terms are offered by the steel corporation. One of the local leaders said he understood the Executive Board was more willing to continue the strike to a desperate finish than to accept the terms offered by Mr. Morgan through the national officers. In this stand, he said, the Board is

## STRIKE TO EXTEND IF NOT SETTLED.

PITTSBURG, Pa., July 31.—To-day will be the final test in the strike conference. If a settlement cannot be effected at this sitting an extension of the strike to all of the union plants of the United States Steel Corporation will be ordered. Manufacturers interested both in the United States Steel Corporation and in its great independent rivals are watching the progress of the conference of the workers with keenest interest. They declared that if the workers do not agree at this time to the terms of Mr. Morgan all negotiations will be declared off and no further conference will be possible. They also declare that in the event of a failure to settle the trouble amicably the combine will use every endeavor to start a large number of its plants within two weeks. At noon the members of the Executive Board left the building for lunch. President Shaffer said there was a meeting this afternoon. It is reported that Shaffer will meet the local manufacturers in conference at the Hotel Lincoln this afternoon. A number of manufacturers, it was said, were trying to get Shaffer off morning. Mr. Shaffer would not deny the report, but said whatever conference (Continued on Second Page.)

## BIG FIGHT MAY BE HELD.

(Special to The Evening World.) SAVANNAH, Ga., July 31.—It is stated here that Governor Chandler, of Georgia, had agreed to permit Rubin and Jeffries to meet in a boxing match at Savannah. Savannah has been after the big fight for a long while. Many bouts of minor importance have been held. But it was the general opinion that the Governor would interfere if a fight of such prominence as one between Jeffries and Rubin were attempted. Fire broke out on the first floor of 2130 Amsterdam avenue, occupied by the Reiger Drug Company, this afternoon and damaged the place to the extent of \$2,000.

## CITY SALARIES UP \$501,854.

According to the official roster published to-day increases in the salaries of city employees aggregated \$501,854 in the first six months of 1901. Much of this increase is mandatory, the School Board's increase of \$216,082 furnishing the largest item; about \$165,000 increase in the Police and Fire Departments came from legislative mandates also. This leaves \$120,000 to represent the sum arbitrarily added to the pay-roll in six months by means of raises in salary. Some increases in the different departments are: Law, \$7,250; Highways, \$14,325; Sewers, \$11,625; Parks, \$8,500; Dock, \$7,154; Charities, \$7,702. Sunday World Wants make for-unes for advertisers.

## GIANT DIVIDEND OF 1,800 PER CENT.

First National's Apportionment Will Be Payable in New Stock. According to estimates made by experts in bank stocks, the holders of First National Bank stock have received an amount greatly in excess of the 500 per cent. attributed to them last week, when the announcement was made that the bank had increased its capital from \$500,000 to \$10,000,000. Officers of the bank decline to give any further details of the transaction, but it is believed that the dividend is equivalent to 1,800 per cent. This is unparalleled as a dividend payment. It is erroneous to speak of this divi-

## The Baiting Order.

New York. Boston. Van Halten, of Slagle, of. Sebach, of. Tenny, of. Strong, of. Demont, of. Davis, of. Conley, of. McElride, of. Murphy, of. Buelow, of. Lowe, of. Warner, of. Long, of. Kitzbridge, of. Denzer, of. Willis, of. Umpire—Dwyer.

phoned to the Mayor of Boston three turned up in that city a mysterious individual who called himself "Pop" Long. None knew whence he came or to what tribe he belonged, and nobody took much stock in him. He looked like a cross between a Mongolian and the trombone player in "Hot Joodle German band." All the hair he had was a billy goat fringe put on wrong side about like a fur collar on the back of his neck. His eyes were set slantwise, like a washee-washee man's laundry sign, and the calves of his legs were shaped like bologna sausages constricted in the middle. In those days he claimed to be a juggler and spent most of his time in the market place doing stunts

with the skulls of witches whom the Puritans had burned at the stake. The Bostonians got to regard him with veneration and awe. He claimed to have the secret of perpetual youth. He has it yet. He still plays Good Ball. Generation after generation have passed away, but "Pop" remains. He organized the first baseball team and has been in the game ever since. Yesterday he won the game twice for the Bostonians—once in the eighth, when his two-bagger scored the winning run; again in the ninth, when by a trick of

(Continued on Fourth Page.)

## CAUGHT WOMAN COUNTERFEITER.

One of the Most Dangerous Operators in the Country Captured in Midnight Raid.

One of the most dangerous women counterfeiters in America was captured in a raid by United States Secret Service operatives just after midnight this morning. The woman is Annie Dougherty. She was found at the house of Mrs. Ellen O'Connell, No. 315 East Thirty-fifth street. It is an old-fashioned three-story house and the Dougherty woman rented rooms there. The entire upper part of the house was used as a counterfeiting plant. Dies, machinery and all the paraphernalia for counterfeiting were found. The detectives found concealed in the house 175 pieces of small coins, from nickels to half dollars. The coins were made of antimony and lead and were silver-plated. They were remarkably well executed. Women have been passing them at North Beach and other summer resorts. They have also been added in putting them in circulation by a half-dozen convicts. Both women were locked up. The Dougherty woman was held in \$3,500 bail and Mrs. O'Connell in \$1,000. They will be arraigned next Monday before United States Commissioner Moore, in Brooklyn. Annie Dougherty is an expert counterfeiter. She makes the dies herself and moulds the coins. She was taught how to counterfeit by Frank Miller, who figures as the "Detective" in Zeimer's "fake" divorce mill. He is now in Dannemora serving a sentence. The operatives who made the raid were Chief Operative William J. Flynn, Frank Burke, L. W. Gannon and E. B. Pecke.

## COCKRAN WON'T BE CANDIDATE.

Orator, Who Sails for Europe, Hasn't Eye on Mayoralty.

Silent on the subject of politics and not disposed to discuss his future plans, W. Bourke Cockran sailed this afternoon on the White Star line steamship Teutonic. He arrived at the pier some time before the vessel sailed and spent the time talking to friends. Mr. Cockran when asked regarding a story published that he was to be an anti-Tammany candidate for Mayor, declared there was no truth in it. "I know nothing about the matter," he said, "except that I read it in this morning's paper. This is a time when the most obscure man can see his name in the newspapers." When asked if he would join the anti-Tammany force, even though he were not a candidate, he replied that he had given no thought to politics, as he had been busy. Mr. Cockran said that he was going abroad for a rest and expected to be home about Sept. 10.

## BATTLE-SHIP GLORY MAY BE ASHORE.

Flagship of the China Squadron Is One of Britain's Newest Fighting Machines.

HONG KONG, July 31.—It is reported that the new British battle-ship Glory, flagship of the British China squadron, is ashore somewhere between here and Shanghai. The warships Eclipse, Daphne and Pigmy have left this port suddenly. No explanation is given of their departure. The British battle-ship Glory was commissioned in November last and

## PRINCESS WILL NOT BRING SUIT

Huntington's Adopted Daughter Has Made No "Demand."

Princess Hatzfeldt has no intention of suing the estate of her adopted father, the late Collis P. Huntington, and to-day made a statement to The Evening World which emphatically disposes of all rumors of trouble between her and the Huntingtons. The Princess's attention was called to a despatch from San Francisco and published in a morning newspaper telling that she had made a "demand" for an extra million of the Huntington wealth, and that she was prepared to go to law to carry her point. The despatch told of a meeting in this city between the Princess, Mrs. Huntington, Mr. H. E. Huntington and others concerned at which the Princess's "demand" was discussed. The Princess was seen at the Holland House this afternoon and said: "This report is perfectly ridiculous and is a mere invention. I haven't seen Mrs. Huntington. She is in Paris, I believe. I can state emphatically that I have no suit either against her or Mr. H. E. Huntington. This story of my 'demand' is perfectly ridiculous." NOT McKELVER'S BODY. The body of a man who was picked up in Buttermilk Channel to-day was identified as that of Patrick Callaghan, thirty years old, of 46 East Forty-fifth street. It was at first supposed that the body was that of J. B. McKelver, whose clothing was left in a Conner's bath house on Sunday last.

## FIRM TO FIGHT SUGAR TRUST.

Robert Crooks & Co. practically confirm the truth of the report that they intend to erect a new sugar refinery on the west bank of the Hudson River. Contracts for the construction of the building and machinery have already been awarded, it is said, but on these points no details are obtainable. Crooks & Co. are well known in sugar-trade circles. Years ago the firm made a specialty of importing the refined product, but later it entered into an agreement with the American Sugar Refining Company to handle that concern's output. A few months ago, however, Crooks & Co. were placed under a ban by the trust for alleged cutting of prices. Since then the firm has renewed its old policy of importing refined sugar.

## WON'T SURPRISE SIR THOMAS.

LONDON, July 31.—Sir Thomas Lipton sails for New York on the White Star line steamer Teutonic Aug. 4. He said to-day that he will not be much surprised if on his arrival he finds he will have to race with the Columbia after all. Sir Thomas made a remark regarding the curious similarity of the misfortunes of the Constitution and the Shamrock II. Besides the fact that they have both been dismantled, Sir Thomas now admits that the ship-challenger grounded off Gourock after the Solent accident, and that two of her plates were badly bent in. She nearly met with serious disaster. Ex-Minister House Bend. BERRIN, July 31.—Dr. Basse, former Prussian Minister of Public Instruction, who had been ill for some time past, died to-day.

## SHOOTING FATAL.

Buckley, Who Was Shot by Stranger, Dies from Wound. Joseph Buckley, who was shot by a stranger last night while in West street, near Perry, died this afternoon in St. Vincent's Hospital. His assailant has not been captured.
